LinkedIn:  LeetCode:  CodeChef: 

EDUCATION

- **Siddaganga Institute of Technology** Karnataka, India
Bachelor of Engineering - Computer Science; CGPA: 7.391 [till 8th sem] Aug 2020 - June 2024
- **SPY College** Gaya, India
Class XII; Percentage: 70
- **Gyan Bharti Public School** Gaya, India
Class X; Percentage: 8.8 CGPA

SKILLS SUMMARY

- **Languages:** Javascript, C++, C
- **Frameworks:** Node.js, Express.js, React.js
- **Database:** SQL, MongoDB
- **CS Fundamentals::** Data Structure, Algorithms, Object Oriented Programming, Operating System

EXPERIENCE

- **Backend Developer Intern** January 2023 – June 2023
OyeBusy Technologies Pvt. Ltd., Muzaffarnagar
 - : Worked on "OyeBusy" – a home services platform.
 - : Developed backend using **Node.js**, **Express**, and **MongoDB**.
 - : Delivered the project ahead of schedule, exceeding performance expectations.

ACADEMIC PROJECTS

- **ION THE SKY (Backend):**
 - A Complete Dynamic Weather Website that displays the weather of a city.
 - Routing modules of EXPRESS for navigation.
 - **API** fetches the details and displays over the screen using **CSS** and **template engine: HANDLEBAR**.
 - Tech Stack: **NODE.js**, **EXPRESS.js**, **CSS**, **HTML**, **HANDLEBAR**.
- **ECOMMERCE APPLICATIONS (Backend):**
 - Implemented user **authentication**, product management, shopping cart, and **payment integration**.
 - Enhanced performance with **optimized** database queries and improved user experience.
 - Integrated **real-time** order tracking and admin panel for efficient management.
 - Tech Stack: **NODE.js**, **Express.js**, **MongoDB**.
- **Blog Application Project (Backend):**
 - A complete **backend** project built using **Node.js**, **Express**, and **MongoDB**.
 - Implemented backend functionalities for a blog platform, including features for liking, disliking, commenting, and managing user follow/unfollow relationships.
 - Designed to handle **cookies** and provides authentication and encryption using **bcrypt.js**.
 - Ensured **data integrity** with validation and **error-handling**.
 - Created and optimized **MongoDB schemas** for efficient **data-handling**.

ACHIEVEMENT

- Achieved **1342** rank in START90D CodeChef among 19955 candidates.
- Solved **1400+** problems over different coding platforms, **800+ over LeetCode**.
- Achieved **4500** rank in Biweekly Contest 104 among 20k candidates.
- Completed **Cisco CCNAv7: Switching, Routing, and Wireless Essentials**.
- Completed **Cisco CCNAv7: Introduction to Networks**.
- Achieved Certificate of Excellence in **Data Structure and Algorithms: Coding Ninjas**.
- **INTERESTS:** Mobile Gaming (Multiplayer), Music, Cooking, Cricket, **Blockchain**, Trading.
